

3D MOUSE FOR ENGINEERS
ANIMATORS AND ARCHITECTS

NAVIGATE YOUR 3D WORLD

It's like holding the 3D model
in your hand.

Revolutionise the way you work with 3D applications. Pan, zoom and rotate the model or camera as if you're holding it in your hand. It's a level of control that's simply not possible with a traditional mouse and keyboard. Whether you're working on complex assemblies, dazzling 3D models or fantastic fly throughs, with a 3D mouse you can set your imagination free!

3Dconnexion 3D Mouse Product Line

SpacePilot™ PRO
The Ultimate Professional 3D Mouse

SpaceExplorer™
Professional 3D Mouse

Standard-Series

SpaceNavigator™ for Notebooks
Portable 3D Mouse

SpaceNavigator™
3D Mouse

SpacePilot PRO is the ultimate professional 3D mouse, engineered to excel in today's most demanding 3D software environments.

- **Second generation QuickView Navigation Keys** – one touch access to up to 32 standard views for improved error detection, design review and design presentation.
- **Dual-function Intelligent Function Keys** – easy access to 10 application commands for an optimized workflow.
- **LCD Workflow Assistant** – visual feedback on function key assignment, model properties*³, Microsoft Outlook, and more.
- **Keyboard Modifiers** – convenient Ctrl, Shift, Alt and Esc keys for accessing special application functionality or editing capabilities.
- **Advanced wrist rest design** – full width for maximum comfort and increased focus even during the longest work sessions.

³ The SpacePilot PRO Model Properties applet is currently available for: SolidWorks, Autodesk Inventor, Siemens NX, Siemens Solid Edge, PTC Pro/ENGINEER.

SpaceExplorer is the 3D mouse of choice for design professionals who demand performance, comfort and style.

- **QuickView Navigation Keys** – one touch access to four standard views for improved error detection, design review and design presentation.
- **Intelligent Function Keys** – easy access to two application commands for an optimized workflow.
- **Keyboard Modifiers** – convenient Ctrl, Shift, Alt and Esc keys for accessing special application functionality or editing capabilities.
- **Advanced wrist rest design** – for a comfortable working experience.

With SpaceNavigator™ or SpaceNavigator™ for Notebooks, everyone can enjoy the freedom of professional 3D navigation, at home, at work or on the road.

SpaceNavigator for Notebooks is two thirds the size and half the weight of its desk top counterpart. Its convenient protective travel case makes it ideal for mobile 3D users.

3D Mouse Benefits

- 1. Increase Productivity*¹:** Average gains of 21% from simultaneously navigating, creating and editing your model.
- 2. Enhanced Comfort*²:** Reduce mouse movement and clicks by up to 50%.

- 3. Design Performance*¹:** Whether you're working on a sketch or a complex 3D model, the superior navigation experience encourages levels of model exploration that are crucial to avoiding costly design errors.
